INVOCATION FOR SACRED SPACE

C Let us enclose ourselves in Sacred Space.

O Divine Creator,
we invoke the winds of the South,
under the protection of Archangel Michael,
looking into the direction of the serpent, the snake
We ask you to wrap your coils of Light around us.
Teach us to shed the past the way you shed your skin
to walk gently upon Earth.
Teach us the Way of Beauty.

All ***Apu, Spirit of the Mountain winds, be with us.***

C O Divine Creator,
we invoke the winds of the West,
under the protection of Archangel Gabriel,
looking into the direction of the Mother Jaguar.....
We ask you to protect our medicine space.
Teach us the way of Reconciliation, the Way of Peace
that we may live impeccably.
Show us the Way beyond Death.

All ***Apu, Spirit of the Mountain winds, be with us.***

C O Divine Creator,
we invoke the winds of the North,
under the protection of Archangel Uriel,
looking into the direction of the hummingbird ...
We call upon the grandmothers and grandfathers
and all the ancient ones.
Come and share our warmth, share the Light of our fire,
whisper to us in the wind.
We honour you who have come before us.
We honour you who will come after us,
our children's children.

All ***Apu, Spirit of the Mountain winds, be with us.***

- C** O Divine Creator,
we invoke the winds of the East,
under the protection of Archangel Raphael,
looking into the direction of the great Eagle, the condor ...
O Spirit of the mountains,
come to us from the place of the rising Sun,
the place of resurrection.
Keep us under your wing.
Show us those heights that we may dare to dream,
and to remember.
Teach us to fly wing to wing with Great Spirit.
- All** *Apu, Spirit of the Mountain winds, be with us.*
- C** We open ourselves to Mother Earth, *Pachamama*,
You who nurture and sustain us.
We gather here to be part of your healing
for *all* your children.
The stone people. The plant people.
The four-legged, the two-legged,
those that creep upon you.
The finned in your oceans, the furred and the winged ones.
All our Relations.
- All** *Ho!*
- C** We open ourselves to the endless sky,
to Father Sun who warms us,
and Grandmother Moon who moves us,
and to the Star Nations of whose dust we are.
O Great Spirit, you who are known by a thousand names.
You who are the un-nameable One.
Thank you for bringing us together.
Thank you for embracing us in this Song of Life.
- All** *Ho!*
- C** O Divine Creator,
Come to this our Centre.
To these holy people, to this altar, to this gathering.
This is our Joy.
- All** *Ho!*

followed by a meditative short silence

Who guides Me,
knowing Your Mystery is becoming complete
in Me.

The following words may be spoken:

[C] Hear the words of the Holy Bride:
*From the beginning I Am always with you,
whispering your name in the rustle of the autumn leaves,
calling to you in the wind,
in the voices of the waves of the sea,
and in the silence of the snow-clad mountain peaks.
Hiding in the clouds, I have watched you;*

*the birds have called out my messages,
through all the eyes that have looked at you
I have given you echoes of My presence.
For My presence exists in all My creatures.
I have longed for you, my beloved, waiting for you,
for I have always loved you
and I have yearned to show you Life.]*
